

The 2018 UCBI winter courses have ended. Watch this page for the new fall classes.

University City Bible Institute

UCBI is a Satellite School of the Sunset International Bible Institute. UCBI offers college-level Bible and ministry courses under the umbrella of SIBI, a ministry of the Sunset Church of Christ, Lubbock, Texas. Since 1962, this school of Biblical studies has equipped thousands for ministry and for church leadership among churches of Christ. Through their External Studies Department, satellite schools have been established by local congregations in 45 states and in several foreign nations. UCBI utilizes SIBI's capable staff of Bible professors through DVD's and study guides. UCCC's local eldership oversees the school as a UCCC ministry, while local administrators and support staff manage the operation of the school. Enrolled students view the DVD's and are led in discussion by a local facilitator, who also coordinates the class assignments required for that session.

Any believer who desires to "grow in the grace and knowledge of our Lord Jesus Christ," and is willing to apply himself to serious Bible study, may enroll at UCBI. The knowledge, training and skills you will attain are especially beneficial for aspiring ministers, church leaders, Bible class teachers and evangelists. Those already serving in these roles may also benefit from furthering their education and honing their ministerial skills.
