An equipping ministry of the
University City Church of Christ
Gainesville, Florida

WHAT is UCBI?

University City Bible Institute is a satellite school of college-level Bible and ministry courses from Sunset International Bible Institute (SIBI) in Lubbock, TX, a ministry of the Sunset Church of Christ. Since 1962, this school of Biblical studies has equipped thousands for ministry and for church leadership among churches of Christ. Through their External Studies Department, satellite schools have been established by local congregations in 45 states and in several foreign nations. And now, you have one in North Central Florida!

HOW does UCBI operate?

Our school utilizes SIBI's capable staff of Bible professors (through purchased DVD's and study guide booklets). The local eldership oversees the school as a UCCC ministry, while local administrators and support staff manage the operation of the school. Enrolled students view the DVD's and are led in discussion by the local facilitator, who also coordinates the class assignments required for that session.

WHO may attend UCBI?

Any believer who desires to "grow in the grace and knowledge of our Lord Jesus Christ," and is willing to apply himself to serious Bible study, may enroll at UCBI. The knowledge, training and skills you will attain here are especially beneficial for aspiring ministers, church leaders, Bible class teachers and evangelists. However, those already serving in these roles may also benefit from furthering their education and honing their ministerial skills.
